ABOUT AKROH

Over AKROH

AKROH Industries was founded in 2011 by Arend-Jan Horst in Zwolle, the Netherlands. Starting with a small number of products it grew every year and now it is an international operation that exports its very wide assortment to more than 50 countries all over the world.

Amongst our customers we have built a solid reputation because of our high-quality products, short delivery times and personal service. A large number of our range is sold to the agricultural market, but next to this we have specialized in products for the automotive branche.

A lot of our products are suited to print with a logo and/or text and insert an injection moulded logo. This way, we give customers an opportunity to promote their business and gain more brand awareness. Would you like to find out the possibilities? Quickly read more in this brochure, contact us by e-mail on info@akroh.com, call +31 (0)38 467 45 00 or visit our website: www.akroh.com.

AKROH Industries is opgericht in 2011 door Arend-Jan Horst in Zwolle, Nederland. Startend met een klein aantal producten groeide het elk jaar en is het nu een internationaal opererend productiebedrijf dat zijn zeer brede assortiment naar meer dan 50 landen over de hele wereld exporteert.

Wij hebben een gedegen reputatie opgebouwd door onze kwaliteitsproducten, snelle levertijden en een persoonlijke service. Een groot deel van het assortiment wordt verkocht aan de agrarische markt, maar hiernaast hebben we ons ook gespecialiseerd in artikelen voor de automotive branche.

Heel veel van onze producten kunnen we voorzien van een reclamebedrukking of spuitgietlogo. Hiermee geven we klanten een mogelijkheid om hun bedrijf te promoten en meer naamsbekendheid te verwerven. Wilt u weten wat er allemaal mogelijk is? Lees snel verder in deze brochure, neem contact op via e-mail: info@akroh.com, bel +31 (0)38 467 45 00 of kijk op www.akroh.com.

SYMBOLS Symbolen

Below every product in this brochure you can find symbols for specifications*. This way the dimensions, weight, packaging quantities and more are visible in a clear and convenient way on the product page. Next you can find the definition of every icon for the various specifications.

Onder elk product in deze brochure zijn symbolen voor specificaties* te vinden. Hiermee zijn in één oogopslag en op een overzichtelijke manier o.a. de afmetingen, het gewicht en de verpakkinghoeveelheden van een product te zien. Hiernaast worden de icoontjes bij de verschillende specificaties toegelicht.

* All specifications are subject to (printing) errors

*Alle specificaties zijn onder voorbehoud van eventuele (druk)fouten

Personalization

An effective way of gaining more brand awareness is applying a promotional print on a product. Many AKROH products, like toolboxes and buckets, are perfect for this. We can print these items with your company logo and/or text in one or more colors. A good way to promote your company! We also offer the option of inserting your own injection-moulded logo on an AKROH product. Need more information? Contact us, we are happy to help.

Personaliseren

Een effectieve manier om naamsbekendheid te verkrijgen is een bedrukking. Veel AKROH producten, waaronder gereedschapskisten en emmers, lenen zich hier uitstekend voor. Wij kunnen deze artikelen bedrukken met uw bedrijfslogo en/of tekst in één of meerdere kleuren. Een goede manier om uw bedrijf te promoten! Daarnaast bieden we ook de optie van een eigen spuitgietlogo in een AKROH product. Meer informatie nodig? Neem contact met ons op, wij helpen u graag.

Custom webbing

All our webbing products can be customized to a very high degree. Variables such as corporate design, colors, color patterns, flexibility, width, thickness and length can all be altered to match and exceed your wishes. It is possible to develop your own design, to promote your brand. There are several options available, ask about the possibilities!

Bandproduct op maat

Al onze bandproducten zijn zeer verregaand aan te passen. Zaken als huisstijl design, kleuren, kleurpatronen, flexibiliteit, breedte, dikte en lengte kunnen we helemaal naar uw wensen toepassen. Het is mogelijk om uw eigen ontwerp te ontwikkelen, om zo uw merk te promoten. Er zijn diverse opties beschikbaar. Vraag naar de mogelijkheden!

FROM IDEA...

REQUEST

Aanvraag

Interested in a bucket or collar with your name on it? Or is an injection moulded logo a good way to display your brand name? We offer many options and customer service is our number 1 priority. AKROH is easily reachable by phone and we answer your e-mail quickly. Do you prefer to talk in person? Our salesmanager is always happy to visit your company.

Interesse in een emmer met bedrukking? Of lijkt een eigen spuitgietlogo u wel een mooie manier om uw merknaam te laten zien? We bieden vele opties en klantvriendelijkheid staat bij ons op 1. AKROH is gemakkelijk te bereiken per telefoon en we geven snel antwoord op uw e-mail. Liever face-to-face bespreken? Onze vertegenwoordiger komt ook graag bij u langs.

DESIGN

Ontwerpen

Of course we will show you first how the product is going to look, before we continue with production. You will receive a digital film proof of the print and our engineers make a design of the injection mould logo. In many cases it is also possible to show you samples or a 3D prototype. Only when you are completely satisfied, we will turn on our machines.

Uiteraard krijgt u eerst te zien hoe het product gaat worden, voordat we overgaan tot productie. Onze opmaak-studio stuurt u een duidelijke filmproef van de bedrukking en onze engineers zullen een ontwerp maken van het spuitgietlogo. In veel gevallen is het ook mogelijk om u samples of een 3D prototype te laten zien. Pas als u helemaal tevreden bent, zullen wij de machines aanzetten.

...TO END PRODUCT

"From my personal experience I know that a custom made product in your own company color is a very effective way to advertise your brand. AKROH offers many options. We have the enthousiasm and experience to make sure that you get exactly what you need."

AREND-JAN HORST, FOUNDER & CEO

PRODUCTION

Productie

Next, your custom made product will be made in-house. Because we manufacture the moulds in our tool manufacturing plant and manage our own machines, we act flexible and quickly.

Uw product op maat wordt daarna helemaal in-huis gemaakt. Doordat we de matrijzen in onze gereedschapsmakerij vervaardigen en machines in eigen beheer hebben, handelen we flexibel en snel.

RESULT

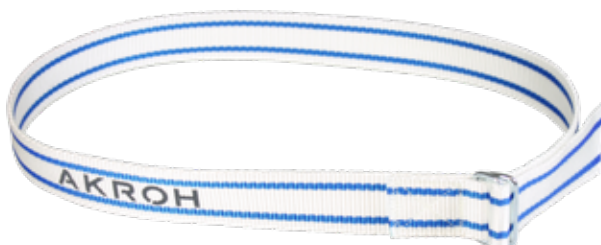

Resultaat

We closely and constantly monitor the production process, to make sure the product is exactly the way you want it.

We houden constant goede toezicht op het productieproces en controleren nauwkeurig, zodat we u precies het product kunnen leveren dat u wenst.
